**JR, (John Rewers)** grew up in a home filled with music and dance inspired by a mother who played piano and sang. Years went by & at age 61 John started to seriously pursue his love of music. Now playing, performing and writing music are a huge part of his life. He recently travelled to Nashville to record some of his original songs. The songs John plays cry out for the sound of a steel guitar.

**Gary Brewer** met **John Rewers** some years ago, and ever since they have struck up a great friendship creating a great performing team and have performed together at numerous venues. **Gary** started playing music at an early age. He has travelled all over North America, gaining precious music experiences, and creating and writing songs.

**Tyler Lieb** is a talented steel guitar player. **Tyler** started playing music in his teens. John says listening to **Tyler**, gets him emotional, feeling the powerful sound created by the intertwining of pedal steel, lead and rhythm guitars. .

**Jr and The Bad OX Band** bring their own flair to traditional Country and Western. It's as simple as three chords and the truth.
