Peach & Quiet, the musical duo of **Jonny Miller** and **Heather Read** have been enchanting audiences since they burst onto the music scene in 2020 with their debut album "Just Beyond the Shine". The album quickly gained popularity, topping folk and roots music charts in North America and receiving international acclaim, including a spot on BBC Scotland's Record of the Week and four Best of the Year lists.

In early 2023, they released their second album, **Beautiful Thing**, which debuted at #3 on national folk charts and remained on the North American charts for over a year. Critics praised the album for its unique combination of 1960s Laurel Canyon nostalgia and contemporary sounds, calling it "divine" and "utterly original".

"There's always something original, individual and superb about Canadian roots music. On this evidence, Peach And Quiet belong in the top draw. Everything on 'Just Beyond The Shine' is tasty, juicy and definitely needs shouting about." - Andy Thorley Maximum Volume Music

At their musical event get ready to be swept away by their irresistible melodies and heartfelt lyrics.
